What Do They Cure?

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, 'Golden Medical Discovery' and 'Favorite Prescription.'

The answer is that 'Golden Medical Discovery 'is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the masal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent, of catarrhal cases whether the disease affects throat, larynx, bronchia, stomach as catarrhal dyspepsia), bowels (as mucous) darmen, bladder, uterus or other pelvic organs. Even in the chronic or ulcarative stages of these affections, it is often successful in affecting cures.

The 'Pavorite Prescription' is advised.

all carronic or ulcarative stages of these all cartions. It is often successful in affecting cares.

The Pavorite Prescription is advised or the curso one class of diseases—those securiar weatherses, devaligements and regularities incident to women any or the curso one class of diseases—those securiar weatherses, devaligements and regularities incident to women in the control of the work working tonic and nervine. For weak wornut, over-worked women—no matter what as caused the break-down, "Favorite Prescription will be found most effective in building up the strength, regulating he womanly functions, subduing pain and bringing about a healthy, vigorous ondition of the whole system.

A book of particulars wraps each bottle twing the formulae of both medicines and noting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice is guides in prescribing, say of each inredient entering into these medicines. The words of praise bestowed on the everall ingredients entering into Doctor lerce's medicines by such writers should ave more weight than any amount of on-professional testimonials, because uch men are writing for the guidance of heir medical brethren and know whereof hey speak.

Both medicines are non-alcoholic, non-
